

Monthly Service Plans and Pricing

Other Services

One-Time Start Up - \$120

- Initial filter clean and inspection, where we inspect the filter health and anticipated remaining useful life.
- Provide an initial evaluation of pool water chemistry and balance. In consultation with the client, make any changes necessary to ensure proper water chemistry, which may incur additional costs.
- Inspect equipment and make recommendations to update, repair, or improve pool function.

Spring Tune-Up - \$100

- Reset water chemistry from winter to summer balances, including specialized enzyme treatments and more

Miscellaneous

- Service includes two bags of salt per year, additional salt billed regularly.
- Chemical service does not include rebalancing chemicals as a result of leaks, waterloss, or overfill.

**\$130
Monthly**

Chemicals Plus

Along with a correct chemical balance, properly performing and maintained equipment is the key to worry free pool ownership.

Monthly service includes:

- Perform all items from the Basic Chemical Service
- Empty skimmer baskets
- Empty pump pot basket
- Empty sweep bag and inspect pool cleaner for proper operation
- Inspect, maintain and provide 2 cleanings per year at no additional cost.
- Visual inspection of pool equipment for proper operation.
- Adjust timer settings for most economical peak performance

**\$180
Monthly**
